Dear George:

Re: Overtime Approval

A year or so ago, the Director of Procurement and Production, Headquarters, USAF (then General Gerrity), conveyed word to the Administrative Contracting Officer in the office of our Air Force Plant Representative here, to the effect that application of overtime by our Engineering Experimental organization is and should be approved without limit.

Headquarters, USAF, has issued a general directive to its organizations imposing stringent limits on overtime (copy attached).

The AFPR office here has told me that in order to continue to approve overtime by Kelly's Engineering Experimental organization, that office needs a message indicating that the Headquarters, USAF, directive issued on overtime this week does not apply to our Engineering Experimental organization.

(The AFPR is Col. Clifford E. Cole, and the Administrative Contracting Officer is Mr. James M. Hill.)

Yours very truly,

Bob
